Thanks for your note regarding an invitation to talk to the Business Integration Tutorial Team. I'll do it, but I do not yet know when. Probably I will tie it to a Richmond visit but my calendar, as you might imagine, is still being sorted out. So count on me, time TBD.

Why do we need two cover letters?

Cathy

Let me know when you get the proposal and signed papers from SUNY.

Cathy, I have in my possession THE check for $233,288.00 made out to Research Foundation State University New York. I have not received the final proposal from MB nor any communication from his since late last week. I have left a telephone message early this am, indicating that all we need is the proposal with the appropriate signatures from SUNY officers to proceed. Please let me know if the draft cover letter is ok with you. We will also fill in the blanks on your cover letter and send that out also. Please let me know if you need anything else. I'll be in tomorrow, Thursday, as well as on Friday. Hope you and your family had a wonderful, merry Christmas. Jeff
